### "THE ANGLE LAMP"

THE LIGHT THAT NEVER FAILS.  
It seems almost incredible that any lamp could be good enough to take the place of electricity on even terms, yet such is the case with the ANGLE LAMP. All over the islands people are throwing away their old lamps and replacing them with this lamp, not merely because it costs about one-tenth as much to maintain (cost is no object to some people) but, beside being infinitely cheaper, it is more brilliant and more reliable to the bargain. It is a revelation to every one who uses it, and simply demonstrates that the old-fashioned lamp was a barbarous contrivance. THE ANGLE LAMP never smokes, smells or gives any trouble, is lighted and extinguished as easily as gas, and is the ideal light for every standpoint. We carry these lamps from \$1.00 up.

The June number of "Chessmate" contains a new (tous) pastime, what it calls the Synthetic Problem. If our readers derive one-half the pleasure from solving it that we did, we will be more than satisfied, and as it is comparatively easy we reproduce it.  
From the pieces and solution (given below) you are required to reconstruct the position. There may be no moves for Black but those indicated, and neither may there be any duals or cooks in positions submitted.  
White pieces: K Q two B's Kt and P.  
Black pieces: K four P's.  
White mates in two moves.

K-B4; 2. Q-B4 Mate

We would like to hear from our readers how this suits them.  
We would like to call the attention of our readers, by the way, to this unpretentious monthly ("Chessmate"). It is full of first-class games and problems and the subscription is only \$1 per year or 50 cents for balance of this year, beginning with July number. It is published by J. H. Graham, Prescott, Ont., Canada.

ST. LOUIS COLLEGE CONCERT.  
"The Bell in the Forest," a romantic opera in two acts and "Whistling at Landlords," a comedy, will be given by the boys of St. Louis College in the college hall this evening, beginning at 8 o'clock. The boys have been practicing for a long time and have got everything down to a fine point. The music in connection with the entertainment will be one of the features of the evening.

## PANAMA HATS ADVANCE

New York, June 13.—Those who bought Panama straw hats last year were lucky, for they are practically out of the market today. The few that are to be had are held by dealers at \$35, and this price is not likely to decrease. "The South American makers are absolutely unable to meet the demand," said a salesman in the largest hat store on Fifth avenue yesterday afternoon, "and for two months they have suddenly become the fashion all over the world. They are as much in demand abroad as they are here, and the scarcity is the same there. This sudden demand was too much for the makers, who had laid up no reserve stock. Now our prices are \$35 for a hat that cost only three-fifths of that amount last year, and they are to be had only in certain sizes. Others could not be bought here at any price. We have no idea when the new supply will come in. The demand at those prices is strong enough to sell as many as we could get hold of."

## INDEMNITY BY DIPLOMACY.

St. Petersburg, June 11.—The impression prevails in official circles here that the mode of paying the Chinese indemnity will not be settled for a long period, possibly not until the present Ministers at Peking are replaced. It is thought they all will welcome a change of post and that new men would be readier to settle the differences. While Russia is not pressing the guarantee loan proposition because the constitutional powers could not guarantee the loan without legislative consent, which would necessitate delay, the plan is not withdrawn. The British proposition is not acceptable.  
Mr. Rockhill's arbitration proposal caused some wonder, since the mode of payment is hardly considered a suitable issue for a long determination.
